ACCOMMODATIONS

The Boomaroo 25's self-bailing cockpit is roomy enough for your guests. The cockpit seats are generously wide and have comfortable sloping backs.

Beneath the port cockpit seat, you'll find a huge locker with ample stowage for your outboard, sails, fuel tank, and safety gear.

In the spacious interior is your galley: roomy, efficient and handy to the cockpit. This galley makes meals on board fun and easy, when completely

equipped with a top-loading icebox, a two-burner stove, a stainless steel sink.

You and your guests will dine at the dinette table.

When it comes to overnight accommodations, you'll find the Boomaroo 25 can sleep six people — four adults and two children.

The adults have permanent berths, including our unique aft quarter berth.

Two children can sleep comfortably in the convertible berths made from the dinette table.

You will be pleasantly surprised at how much storage space we've built in under the seats and berths.

And to complete the Boomaroo 25's comfortable, easy-to-use accommodations, the main cabin is trimmed with teakwood for warmth and traditional beauty.

THE CONCEPT

The Boomaroo 25 has been designed to give you the comfort, performance and style of a large yacht in a practice-sized trailerable boat.

We gave her a modern hull shape which gives you all of the most desired performance characteristics: sure handling and easy motion, together with racing speed.

Her low-swept trunk cabin features large hatches for good ventilation and plenty of windows for light and visibility. Yet, she keeps the traditional graceful low profile and appearance of the finest classic yachts.

We've used the tremendous volume of her full hull shape to create an interior that's as spacious as it is luxurious. Your family and friends can relax in comfort and in style, whether your outing is a weekend sail or an extended cruise.
