THE "CLIPPER 17"

The cabin is colour-coordinated with rich teak trim. The interior features a galley counter top, space for a marine head, and much storage space. Two large aluminium-framed windows allow plenty of light. The seating arrangement for four allows you to enjoy the cabin space as a conversational as well as an eating area, in contrast to the common tiny dinette sometimes found on this size boat. The keel winch handle dismounts for out-of-the-way storing while sailing or trailing.

The standard Clipper 17 is delivered ready to sail. The standard price includes aluminium spars, retraction winch for the keel, cabin hatches, all standing and running rigging, rudder, tiller, self-bailing cockpit, and moulded-in non-skid surfaces on seats, cockpit sole, cabin top, and foredeck.
