PROVEN DESIGN

Seaworthiness is not a question when it comes to this hull design. The B63 uses our tried and proven Boomerang 20 hull, designed in Melbourne for the infamous Port Phillip Bay (over 350 built).

The B63 is very easy to sail and you don't have to look for extra crew as the boat can be (and in fact is) sailed single-handed.

CLASS ASSOCIATION

The B63 has its own class association organising activities to suit the needs of all its owners.
